

# Consumer Insights to Enhance Retail Strategy

Brian Berlin
EPG Specialty Information

### Drilling for Insights...

Data is plentiful, but noisy

Data can generate volumes of useful information

INFORMATION

Insights are rare

INSIGHT

It takes a lot of Information to generate the value of an insight

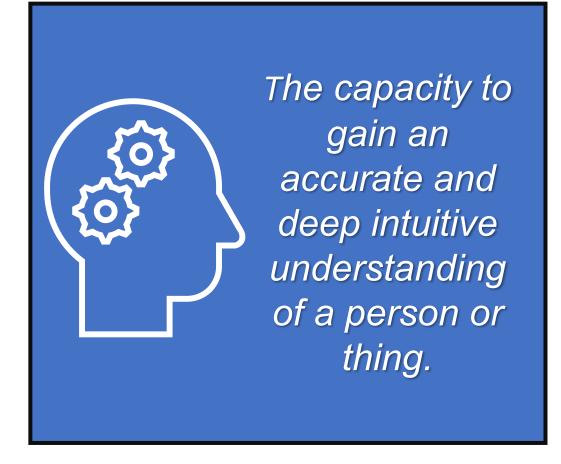

A real insight can be a game changer

### What is an insight?

Insight is the key to making better decisions. By understanding the why behind the what, you can make more informed choices that are more likely to lead to success.

Insights are actionable

 They can be used to make predictions, solve problems, or make better decisions

<u>Information</u>	<u>Insight</u>	
Factual	Interpretative	
Static	Dynamic	
Objective	Subjective	

# Each Tier of Beverage Alcohol has different applications of Information and Insights

### Suppliers: Information & Insights Priorities

#### Generally focused on one category, like Spirits or Beer

Sales Analysis	Predictive Analysis	Measuring Advertising Effectiveness	Consumer Knowledge
POS Data Reporting & Analytics  Depletion Data Reporting & Analytics  Trade Organization Data	Price Elasticity  Promotional Lift  Industry Volume Forecasts  Product Recommendation Engines  Digital Media Placement	Concept testing for new advertising  Marketing Mix	Consumer Personas  Consumer Need States  Market Structure  Brand Health  Shopper and Commercial insights  Social Listening

### Distributors: Information & Insights Priorities

Massive and detailed datasets built from multi-supplier depletion invoices provides them with powerful analytic capabilities.

Sales Analysis	Predictive Analysis	Consumer Knowledge
Depletion Data Reporting &	Industry Volume Forecasts	Partnerships with Suppliers
Analytics	Promotional Lift	to run consumer projects
POS Data Reporting &		
Analytics	Product Recommendation Engines	

### Retailers: Information & Insights Priorities

Face to face interactions with your customers is hard to beat but can be enhanced with other sources.

Sales Analysis	Consumer Knowledge
POS Data Reporting & Analytics	Social Listening
Shopper Loyalty Cards	Partnerships with Suppliers to occasionally run consumer projects

# Information & Insights can positively impact a retailer's operations across nearly every commercial function

#### **Business Function**

**Product Assortment** 

Shelf Sets / Planograms

**Brand Programming** 

**Private Label** 

**Procurement** 

**Digital Storefront** 

**Digital Marketing** 

#### **Insights Objectives**

Gift

### The IMBIBE Consumer Insights Project

## RETAILERS CONFERENCE

#### Objectives:

- Provide industry suppliers, distributors, and retailers with a deeper understanding of the American drinker.
- Segment drinkers into specific Personas with similar drinking motivations and behaviors.
- Assist industry in making more informed decisions and developing better consumer facing programs.

Survey Type:

Online Survey

Over 2,000 beverage alcohol consumers

Survey Timing:

Q4'2022

### Six BevAl Drinking Personas

Casual Drinker

Moderate Socializer

Value Seeking Beer Enthusiast

Aspirational Urbanite

American Drinker

Affluent Urban Adventurer

Comfortable Urbanite

### Persona Size & Spend

- The largest persona by number of drinkers is the Casual Drinker
- The Moderate Socializer persona has the highest aggregate spend
- The Affluent Urban Adventurer, the smallest persona by drinkers, spends the most per person

# Moderate Socializers are different than the regular American Drinker

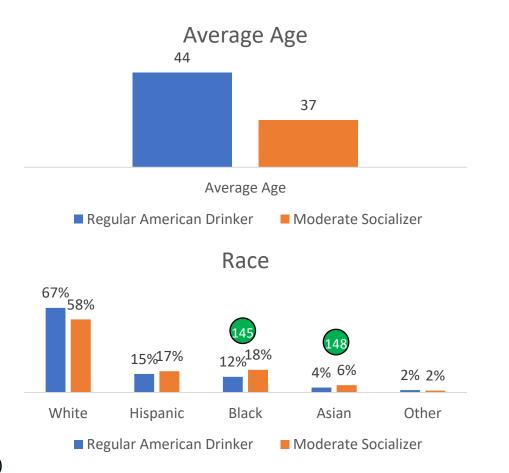

Moderate Socializer

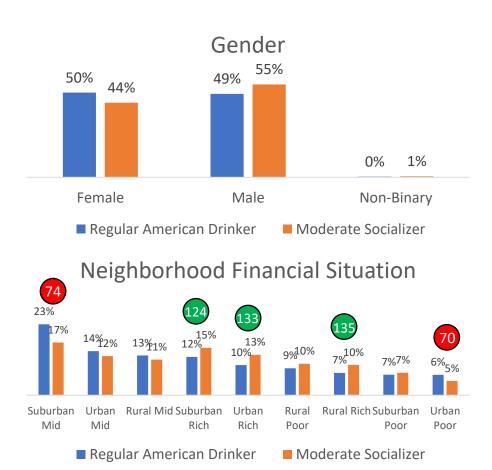

BEVERAGE ALI	COHOL TITL
<b>RETAI</b> CONFE	Name and Address of the Owner, where the Party of the Owner, where the Party of the Owner, where the Owner, which is
CONIL	ILINCL

The Regular American Drinker	Moderate Socializer
Drinks to relax, enhance a meal, and connect with friends.	Beverage Alcohol helps them connect with friends and family, deal with life's stress, and improve social skills.
Live across urban, suburban, and rural neighborhoods	Lives across Urban, Suburban, and Rural neighborhoods, but skews towards higher income areas.
Mid to high income households.	Tends to be higher income than the average household

### Demographics of the Moderate Socializer

- Slightly younger than the Regular American Drinker, but still older than the target consumer of most brands.
- They are a bit more male than female.
- A diverse group of drinkers with strong representation across race, especially Black and Asian
- Strong skew towards higher income in Suburban, Urban, and Rural neighborhoods

### Reasons They Drink

### The Top Reasons They Drink

Regular American Drinker	Moderate Socializer
1. Relaxation	1. Relaxation (1)
2. Enhances my food	2. Relieve stress from my family / children (2)
3. Relieve stress from my family / children	3. Connect with people / Improves intimacy (7)
4. Just like to have a "drink" in my hand / feels familiar	4. Gets me through life (5)
5. Gets me through life	5. Enhances my food (2)

### **The Most Differentiated Reasons**

- 1. Makes me look successful
- 2. Connect with people / Improves intimacy
- 3. Makes me feel cool

#### **Impact on Decision Making**

- Assortment: Stock premium brands
- <u>Planograms</u>: Highlight premium brands with extra space on the best shelves
- Brand Programming: Work with
   Distributors to choose premium brands
   promoting consumers socializing and status

### Product Attributes looked for?

#### **Top Product Attributes**

Regular American Drinker	Moderate Socializer
1. My favorite brand	1. My favorite brand
2. Easily available to purchase	2. Easily available to purchase
3. I can consume frequently	3. I can consume frequently
4. Availability of deals & promotions	4. Flavors, such as lime, strawberry, etc. (6)
5. Lowest price	5. Makes a good gift (8)

#### **The Most Differentiated Attributes**

- 1. Celebrity endorsement
- 2. Internet recommendations

#### **Impact on Decision Making**

- <u>Assortment</u>: Carry a wide selection of sizes of the most popular brands and take new flavors of popular Premium brands.
- **Brand Programming**: Seek promotions from brands that have a celebrity tie-in.

### Category Penetration

#### Category % Penetration 55% Premium Domestic Beer 52% 50% \_\_\_ Sparkling Wines & Champagne 49% Imported Beer 45% 48% Vodka 49% 42% Super Premium Domestic Beer 37% ■ Moderate Socializer ■ Regular American Drinker

#### **Impact on Decision Making**

#### Assortment:

- Moderate Socializers are like the regular American Drinker in many ways. Carry top brands from all categories
- Add some extra space for Sparkling Wines/Champagne and Super Premium Domestic Beer

#### Brand Programming

 Build floor displays of Sparkling Wines near leading Premium Domestic Beers

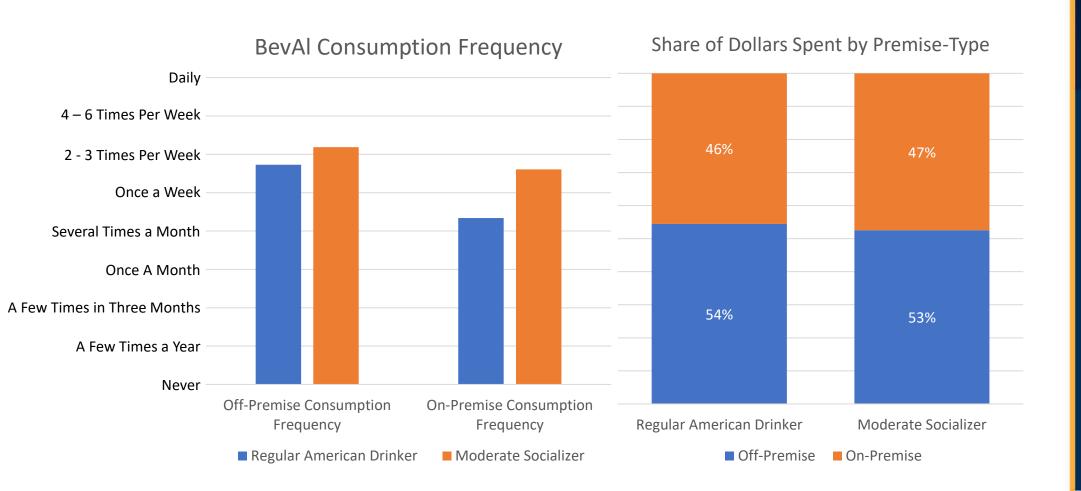

### Consumption Frequency & \$ Spend By Premise Type

#### **Impact on Decision Making**

• **Assortment**: Work with distributors to understand most popular and highest growth on-premise brands – ensure you have them on the shelf.

### Favorite Cocktails On Premise

#### **Impact on Decision Making**

• <u>Assortment</u>: Favorite cocktails on premise is a good place to start when deciding assortment. In Spirits, focus on Tequila, Vodka, and Rum, but also Gin, Cordials, and Sparkling Wines.

Regular American Drinker – Highest % Penetration On-Premise Cocktails				
Margarita	Bloody Mary	Daiquiri	Pina Colada	Long Island Iced Tea
Moderate Socializer – Highest % Penetration On-Premise Cocktails				
Margarita	Bloody Mary	Daiquiri	Pina Colada	Long Island Iced Tea
Highest Indexing On-Premise Cocktails				
Dark & Stormy	Negroni	Martini Vodka	Bellini	Espresso Martini

### How they shop Online

#### **Regular American Drinker**

Online order for pick-up at the store

- Membership in a Wine or other alcoholic beverage club
- Delivery company (Instacart, Drizly, Uber, etc.)
- Direct from the manufacturer's own website

#### **Moderate Socializer**

Online order for pick-up at the store

- Delivery company (Instacart, Drizly, Uber, etc.)
- Membership in a Wine or other alcoholic beverage club
- Direct from the manufacturer's own website

### Wrap Up

- Tap into your Distributor network to gather information and insights from outside of your internal systems
  - What are the top BevAl trends in your market?
  - Which brands are growing the fastest outside of your stores?
  - What is happening in the On-Premise that could work in your stores?
- Consumer & Shopper Insights will have the biggest impact on your Assortment, Shelf Set, and Brand Programming Decisions.
- Decide which Personas are most critical to your volume and growth, then work with your distributors to stock appealing brands and run high impact programs.
